Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/22/2009 has been entered. Applicant's response has been carefully considered and was found to be persuasive, therefore the following reasons for allowance are provided.

Rejoinder

Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(b), claims 5,7,10,13,29-40 and 53, directed to the process of making or using the allowable product, previously withdrawn from consideration as a result of a restriction requirement, Claims 5,7,10,13,29-40 and 53 are hereby rejoined and fully examined for patentability under 37 CFR 1.104. Because a claimed invention previously withdrawn from consideration under 37 CFR 1.142 has been rejoined, **the restriction requirement for the species restriction of Group 1 as set forth in the Office action mailed on 8/9/2005 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be

Art Unit: 3625

subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Fahd Patel on 7/10/2009.

Cancel claims 15-28,41-52,54 and 55

In claims 29 and 35, in line 1, delete the phrase "claim 2" and insert--claim 1--

The following is an examiner's statement of reasons for allowance:

Claims 1, 3-14,29-40 and 53 are allowed.

Independent claim 1 is allowable for the following reasons:

Claim 1 provides for an apparatus that alerts a customer when a product that is being purchased that has a different functionality is about to be purchased i.e. an alert would be sent when a customer attempts to purchase a CD Rom with different functionality when a PC that is being purchased already contains a CD ROM albeit of different functionality (Mr. Patel during the 7/10/2009 interview pointed out that the subject feature finds enablement in Para 320 of applicant's PG PUB for the instant application US PG PUB 20020184110), inter alia; attention instigation transmitting means for transmitting attention instigation information when one of the related commodities from the proposed order includes a same functionality as at least one of the individual commodities that form the commodity, wherein the commodity also includes individual commodities with functionality that is not included in the related commodity;

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
